Aubra hospital waiting room furniture delivers comfort and durability in the most demanding healthcare furniture environments.

The simple design and durability of Aubra™ makes it a perfect solution for demanding healthcare furniture environments. The tubular all-steel frame can be weighted and fitted with tamper proof fasteners for increased security in health or correctional facilities.

Aubra™ offers an impressive level of comfort in a wide range of models including private patient room chairs, public multi-seating solutions (350lbs per seat), bariatric chair models (750lbs per seat) and complimentary tables.
